**THIRD SUPPLEMENTAL AMENDMENT
(FIRST REVISION)**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

On July 19, 2006, the undersigned received a telephone call from Examiner Smith regarding the above captioned patent application. Examiner Smith informed the undersigned that the Third Supplemental Amendment submitted on January 24, 2006 did not comply with 37 C.F.R. §1.173. In particular, Examiner Smith indicated that all changes to the claims and to the specification must be identified in each amendment and that the underlining and bracketing must compare with the originally-issued patent, not with the previous amendment. Accordingly, by this submission, the undersigned has altered the presentation of the claims to comply with the Examiner's request. In addition, the undersigned has reincorporated the changes made to the

specification so that those changes are properly presented. The remainder of this submission has not been altered from the Third Supplement Amendment submitted on January 24, 2006.

As a supplement to the Second Supplemental Amendment (Third Revision) filed January 12, 2005, in the above-captioned patent application, and in response to the telephone conversation with Examiner Smith on July 19, 2006, Applicant respectfully requests that the Examiner enter and consider the following amendments which were previously submitted.

Amendments to the Specification begins on page 3 of this paper.

Amendments to the Claims are reflected in the listing of the claims, which begins on page 4 of this paper.

Remarks begin on page 8 of this paper.
